As roads in Transcaucasia are built upon the Spanish Following rejection of the condemnation board's award for the proposed Eastern High School site at 17th, 19th, A and East Capitol streets northeast, the District Commissioners, it was stated this afternoon, have taken no steps to acquire the land through private purchase.

The Commissioners this morning filed with the clerk of the District Supreme Court an order dismissing the condemnation proceedings. Unless the site in question can be acquired through private negotiations, the Commissioners must look for a new location, and this they propose to do at once.

Several Sites Considered.

Prior to the institution of the condemnation proceedings, the Commissioners considered several sites, among them the tracts at East Capitol, A, 16th and 18th streets southeast; Massachusetts avenue, 16th and 18th streets southeast, and 13th, 14th, D and E streets northeast.

Moreover, the fares are cheap and the way is patronized heavily by swarms of Asiatics, malordorous and neighborly.

"The trains, in pre-war days, had a way of leaving important stations between 3 and 6 o'clock in the mornings. The wayside stations were miserable shanties, where wildest confusion reigned. Buying tickets at the small hovels which housed the ticket offices meant the business of a free-for-all fight in the midst of a jostling crew of excited orientals. Moreover, one must go with the crowd on this line to the Persian border, because no first-class carriages are operated thereon. Among other drawbacks, one soon has the knowledge forced upon him that his fellow-passengers are verminous.
